

EURO CONTENITORI

Contenitori per applicazioni mobili di grandi dimensioni

Gli EURO CONTENITORI offrono il massimo di praticità di montaggio: senza nemmeno una vite, i gusci del contenitore, i listelli e le parti laterali si innestano tra loro in modo sicuro con la semplice pressione.

- Impiego versatile per applicazioni desk e mobili
- Grandi superfici per elementi di comando e interfacce
- 2 larghezze standard 42 TE e 63 TE
- 4 altezze standard 1 HE, 2 HE, 3 HE, 6 HE; parti laterali impiegabili a scelta e abbinabili tra loro con 3 unità di altezza (0,5 HE, 1 HE e 2 HE) consentono ulteriori varianti di contenitore a seconda dei requisiti spaziali
- Nervature di rinforzo stampate a iniezione rendono questi contenitori pratici e leggeri particolarmente stabili e resistenti alle deformazioni
- Posizione obliqua ergonomica grazie ai piedini orientabili o staffa stabile impiegabile anche come maniglia
- I listelli con fessure di ventilazione risolvono i problemi di presa d'aria
- Montaggio facilissimo grazie alla speciale chiusura a scatto OKW
- Placche frontali e posteriori in alluminio, facili da inserire
- La possibilità di scegliere listelli o parti laterali del contenitore, per es. nei colori aziendali, consente la creazione di prodotti perfettamente abbinati all'immagine aziendale
- Grado di protezione IP 40
- Punti di fissaggio per schede e componenti di montaggio
- Piedini in gomma per stabilità e sicurezza compresi tra gli elementi forniti

EURO CONTENITORI

Esempi di applicazione

- Periferiche di computer, modem e interfacce
- Tecnica di rete. Comandi dei processi
- Dispositivi medicali elettrici, rilevamento di dati
- Metrologia e tecnica di regolazione

Light therapy device

Modifiche specifiche del cliente

Che caratteristiche deve avere il vostro prodotto personalizzato? Su richiesta vi forniamo i contenitori e manopole pronti per il montaggio e con tutte le modifiche e le caratteristiche specifiche.
